**ANTI COLLISION  
PRODUCT LINE**

# Anti-collision handrail series | PWP-616F

THE BLACK LINES ARE DECORATIVE CIRCLES WHICH HAVE LUMINOUS EFFECTS.  
WHEN THE ELECTRIC POWER OUTAGE, IT WILL BE THE MOST BRIGHT LIGHT IN THE DARKNESS.

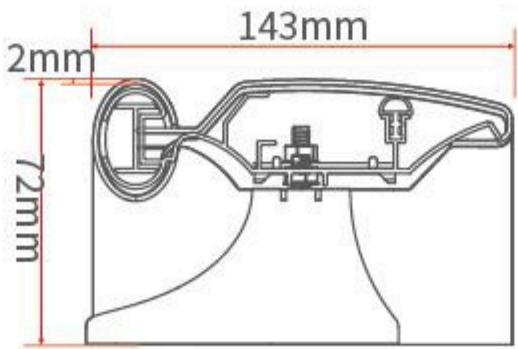

## PRODUCT CHARACTERISTICS

firm installation, comfortable to hold, anti-slip and wear-resistant, stable and fireproof, easy to install;  
-35 kinds of colors can be selected; environmentally friendly PVC panel; high-quality aluminum alloy inner core;  
-Exquisite workmanship: the internal metal structure strength is good, avoid large joints to hold  
comfortably, beautiful and generous;  
The fixed base is thickened; the color of the panel and the elbow is unified;  
and the corner is equipped with  
Inner end cap and outer end cap, which is easy to turn.

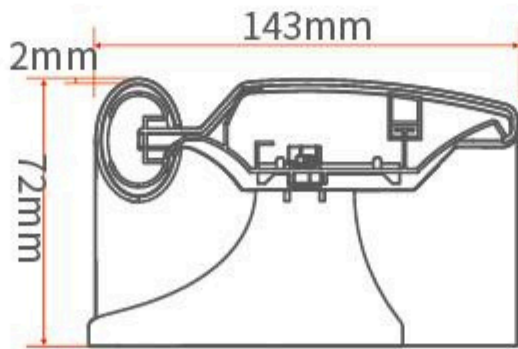

Material: PVC+ aluminum magnesium alloy  
Aluminum thickness:1.4mm/1.6mm  
Specifications :4000mmx143mm

## Health Care Product Line- Curtain Fabric Series

# Health Care Product Line- Curtain Fabric Series

Main features:

- 1.safety: This product is permanent flame retardant curtain fabric standards, in line with the Chinese building materials combustion performance classification method of high grade 6.2.1 B1 provisions, oxygen index  $\geq 32\%$ , average burning time  $\leq 5$  seconds, average damage length  $\leq 150\text{mm}$ ;
- 2.durable: super tensile strength; Strong rupture resistance; No deformation after washing; After washing, the mesh of the curtain fabric will not break off, pollution; not fade, and be resistant to
- 3.beautiful: hospital wards, injection rooms, examination rooms practical curtain fabric, so that the hospital room neat, beautiful and generous;
- 4.privacy: If other beds in the same area need to change clothes, injections, medical treatment or visitors to protect privacy and avoid noise, the curtain can be pulled up;
- 5.simple: special track, simple construction, special pulley and hook, disassembly fast, clean and convenient.
